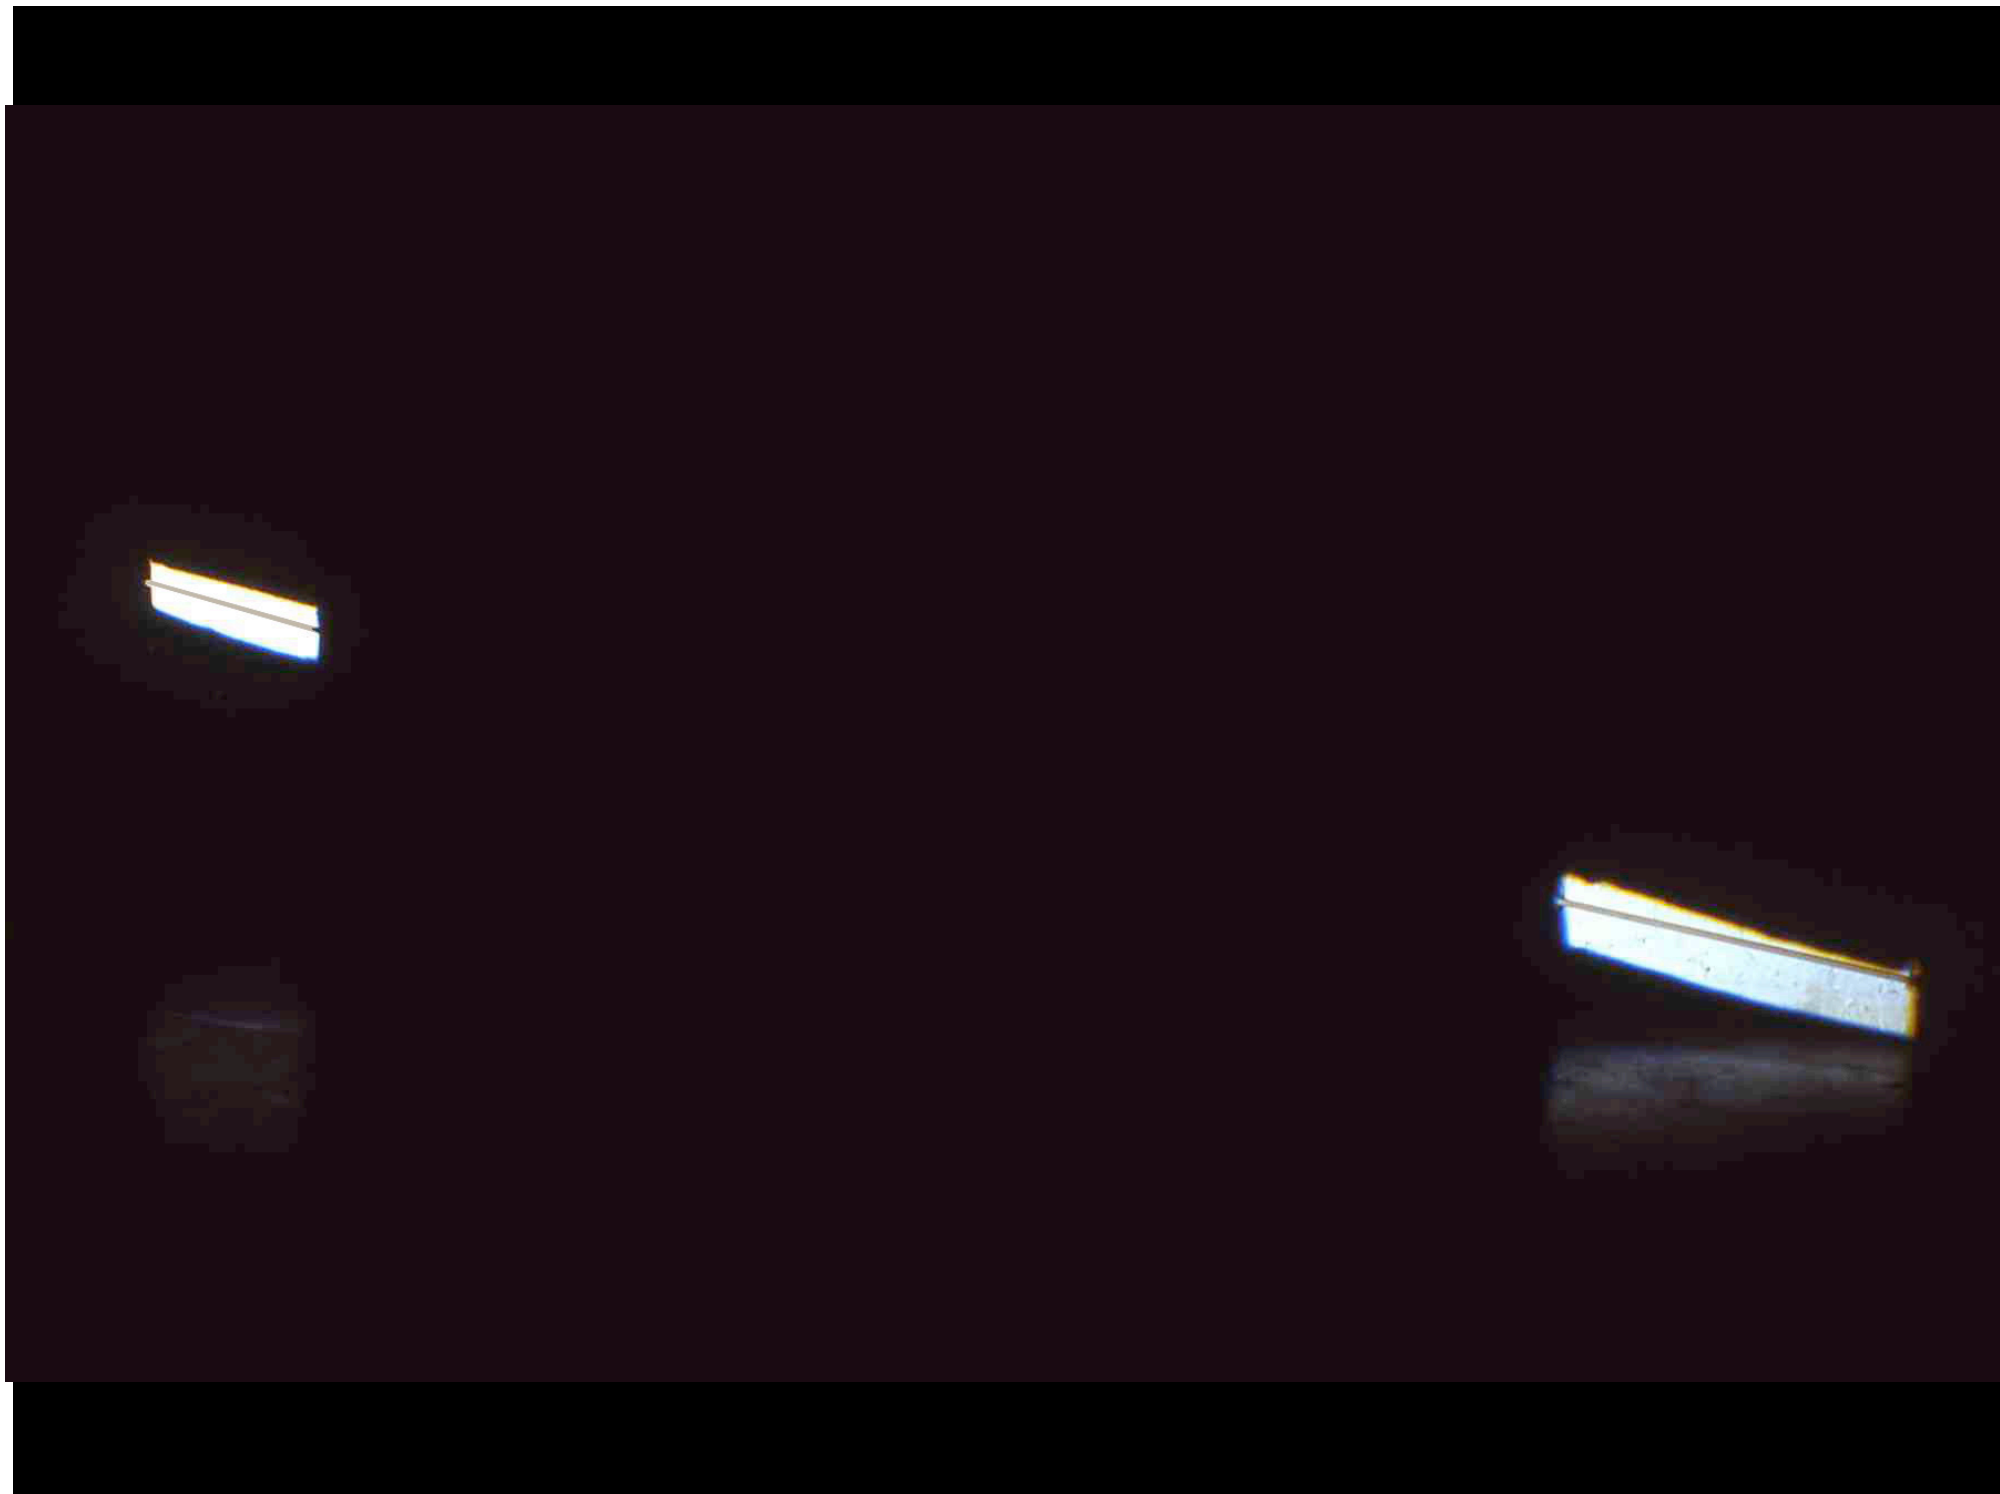

Image 83 organized by Margaret Lasica

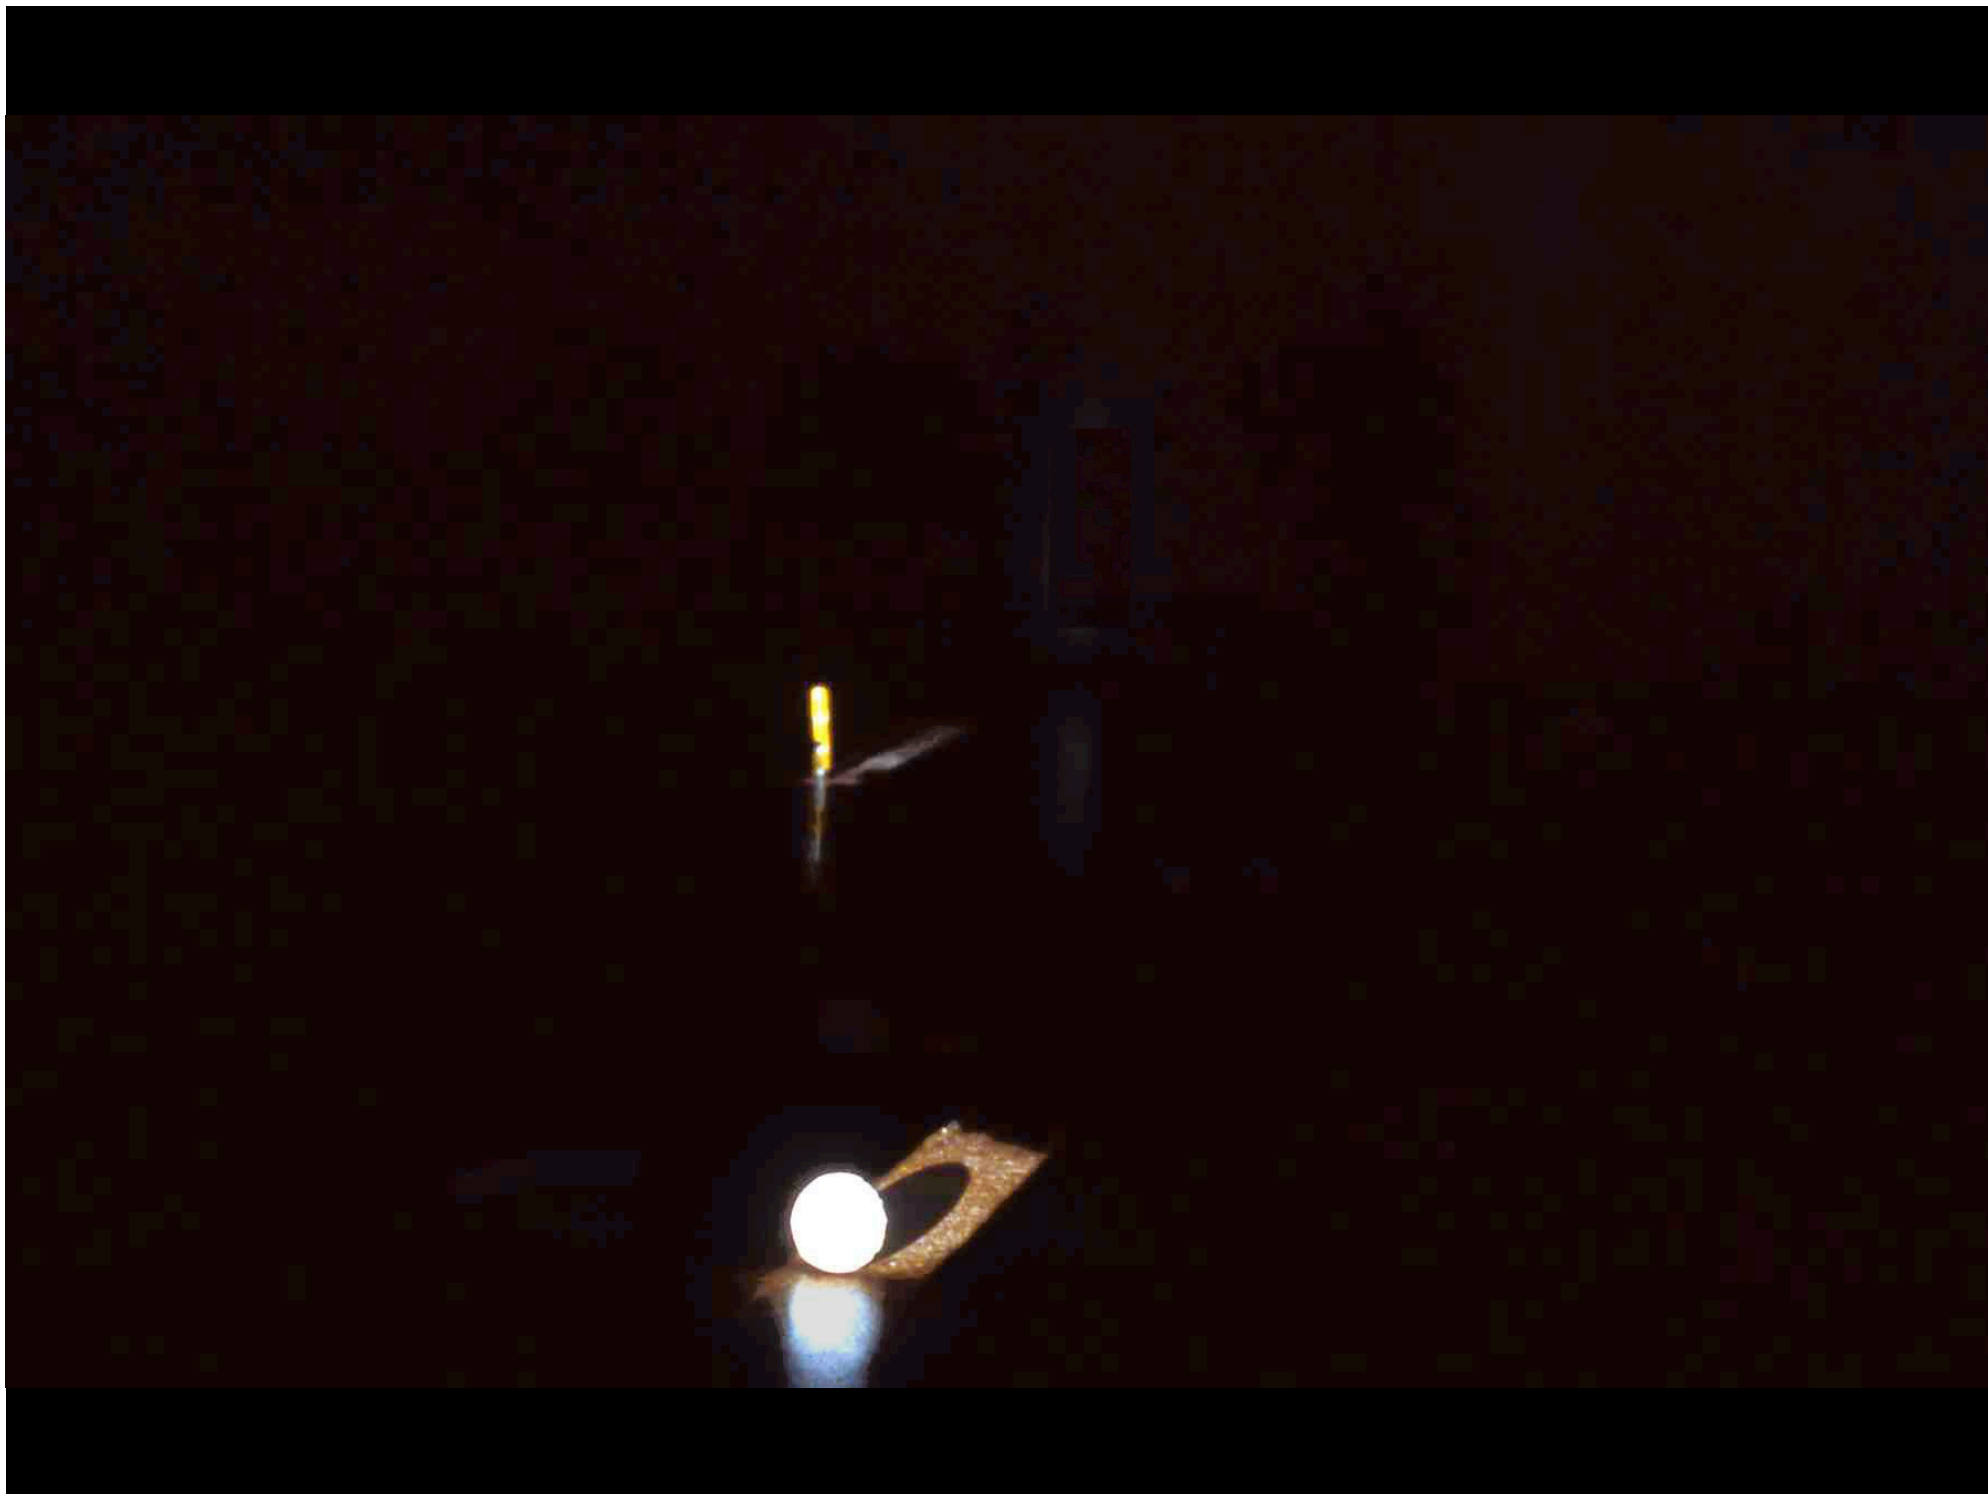

Between literalness and pictoriality

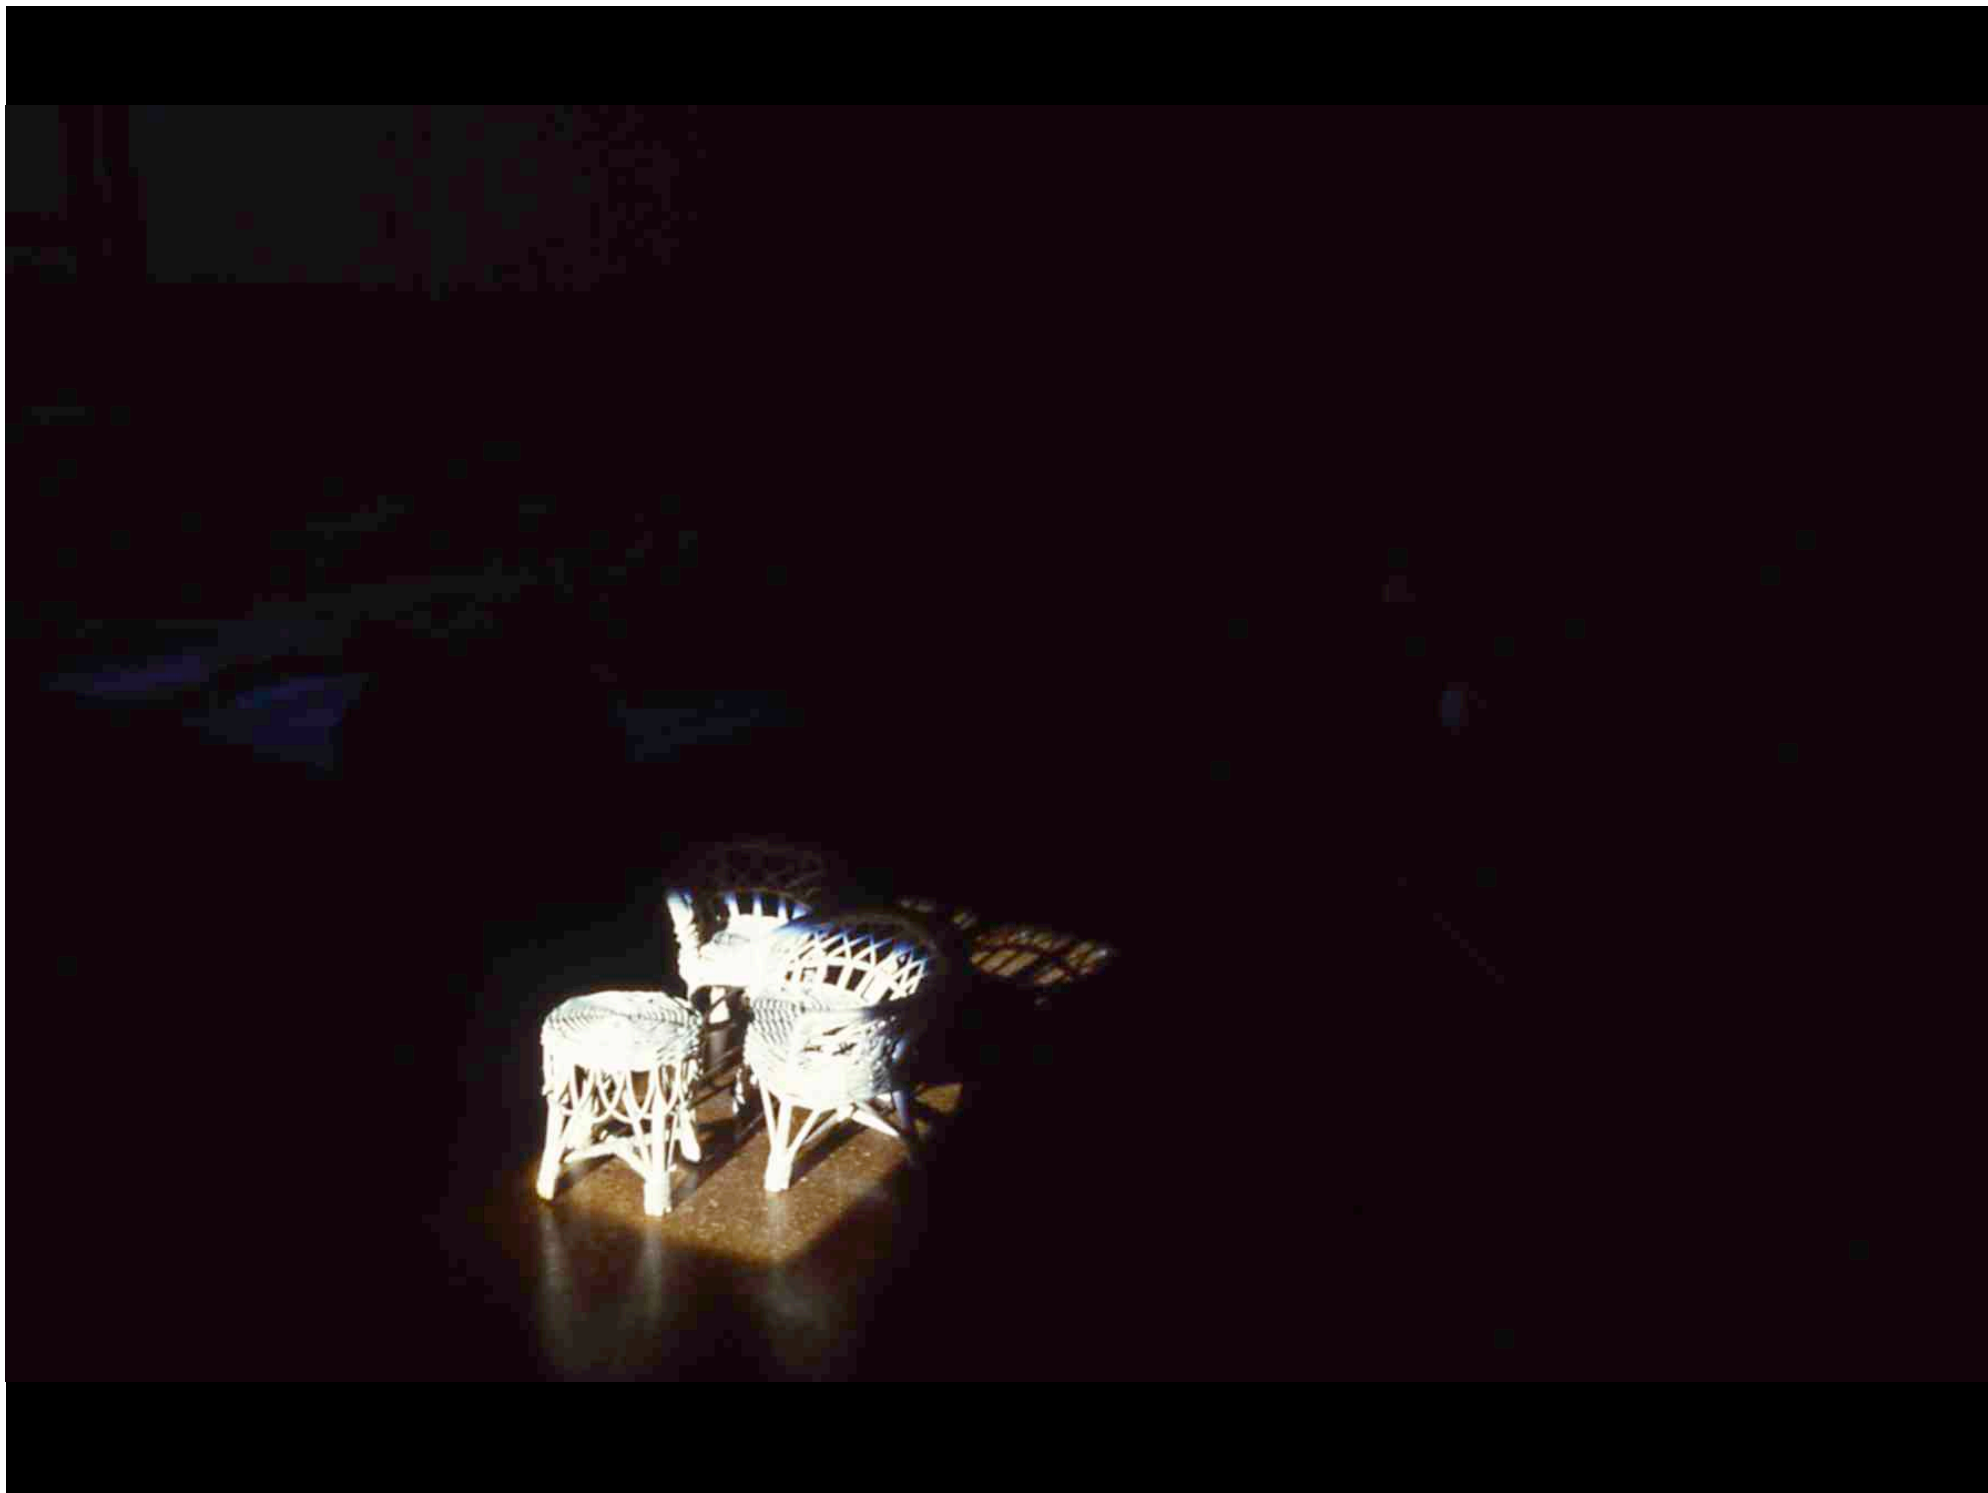

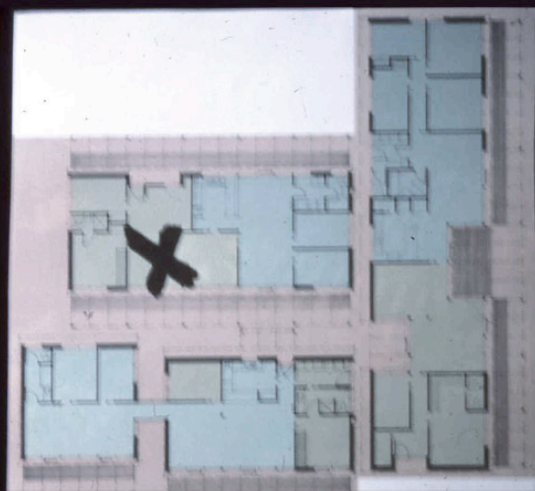

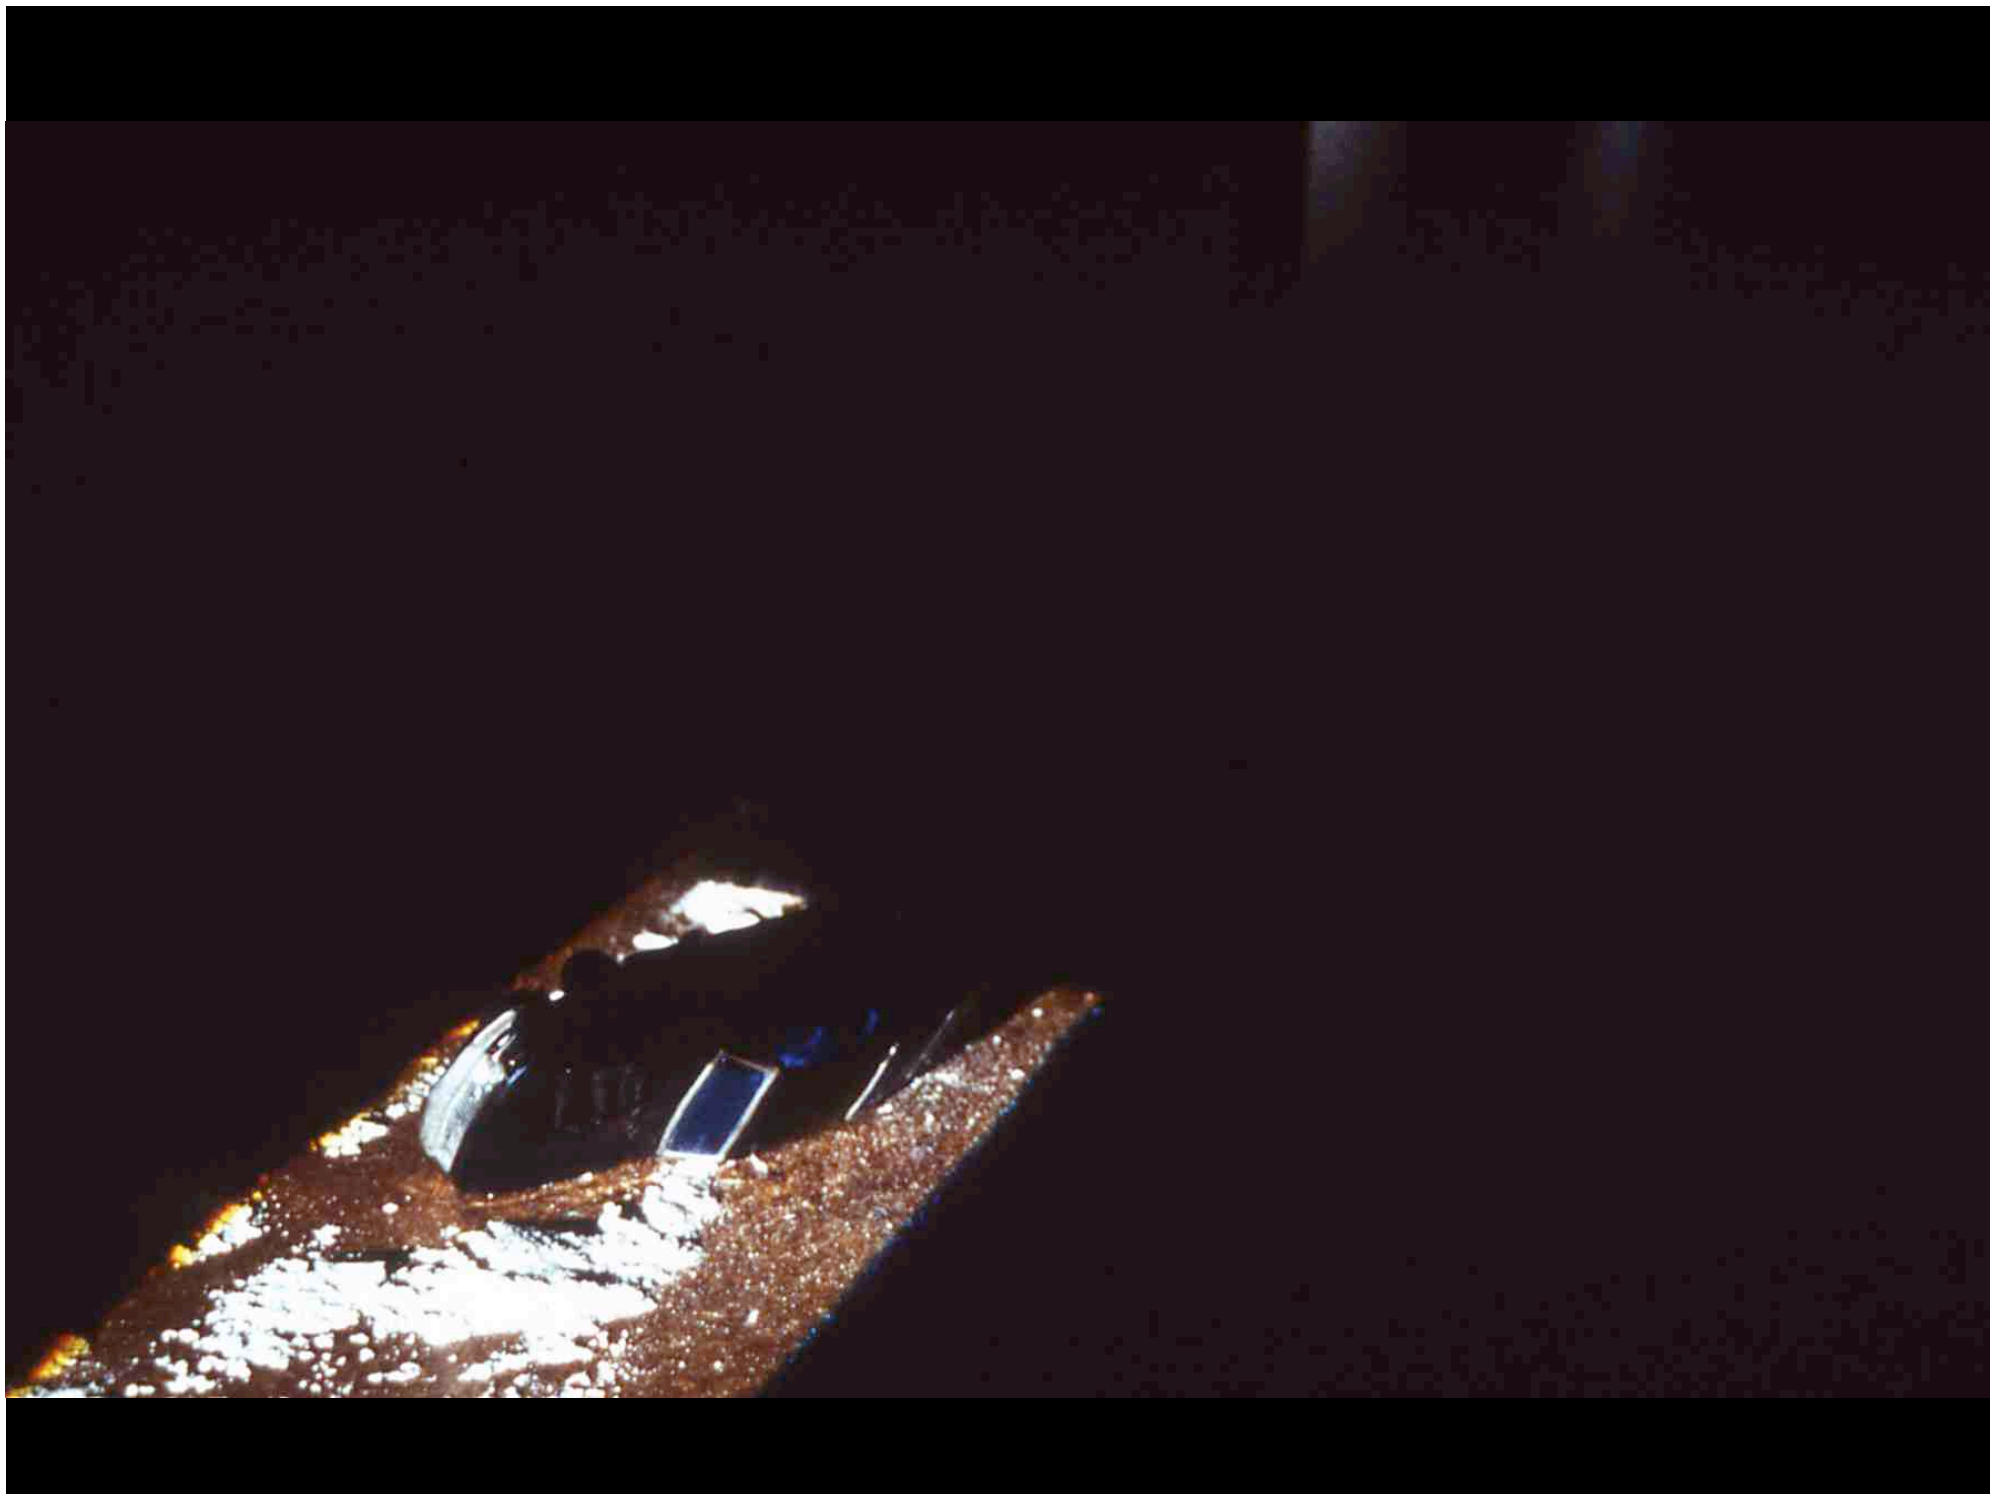

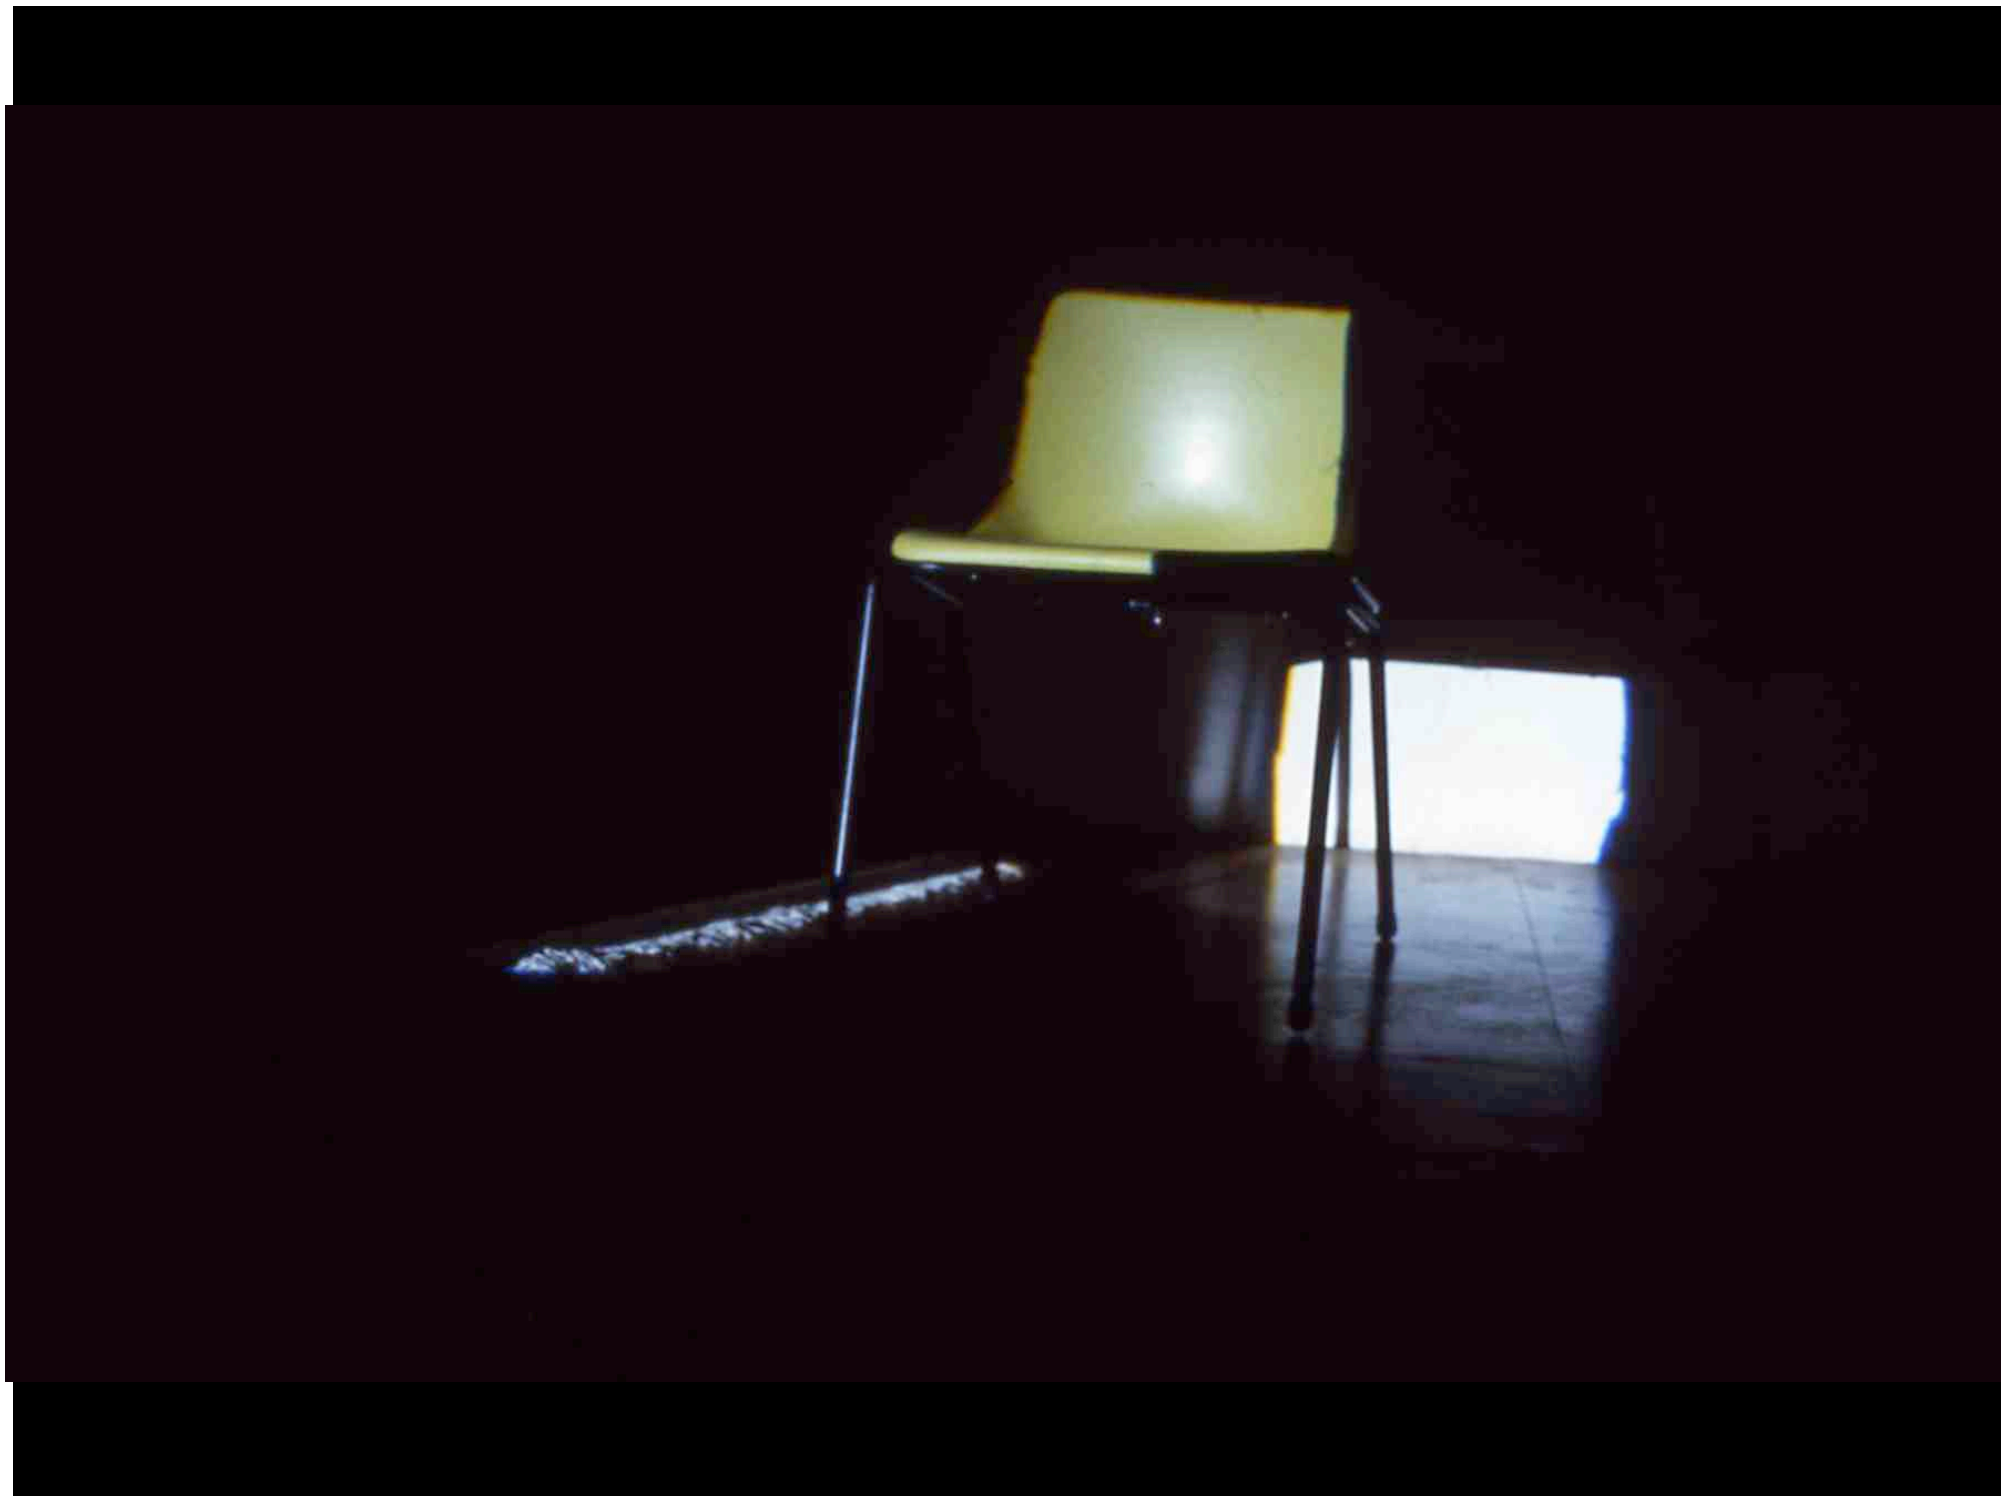

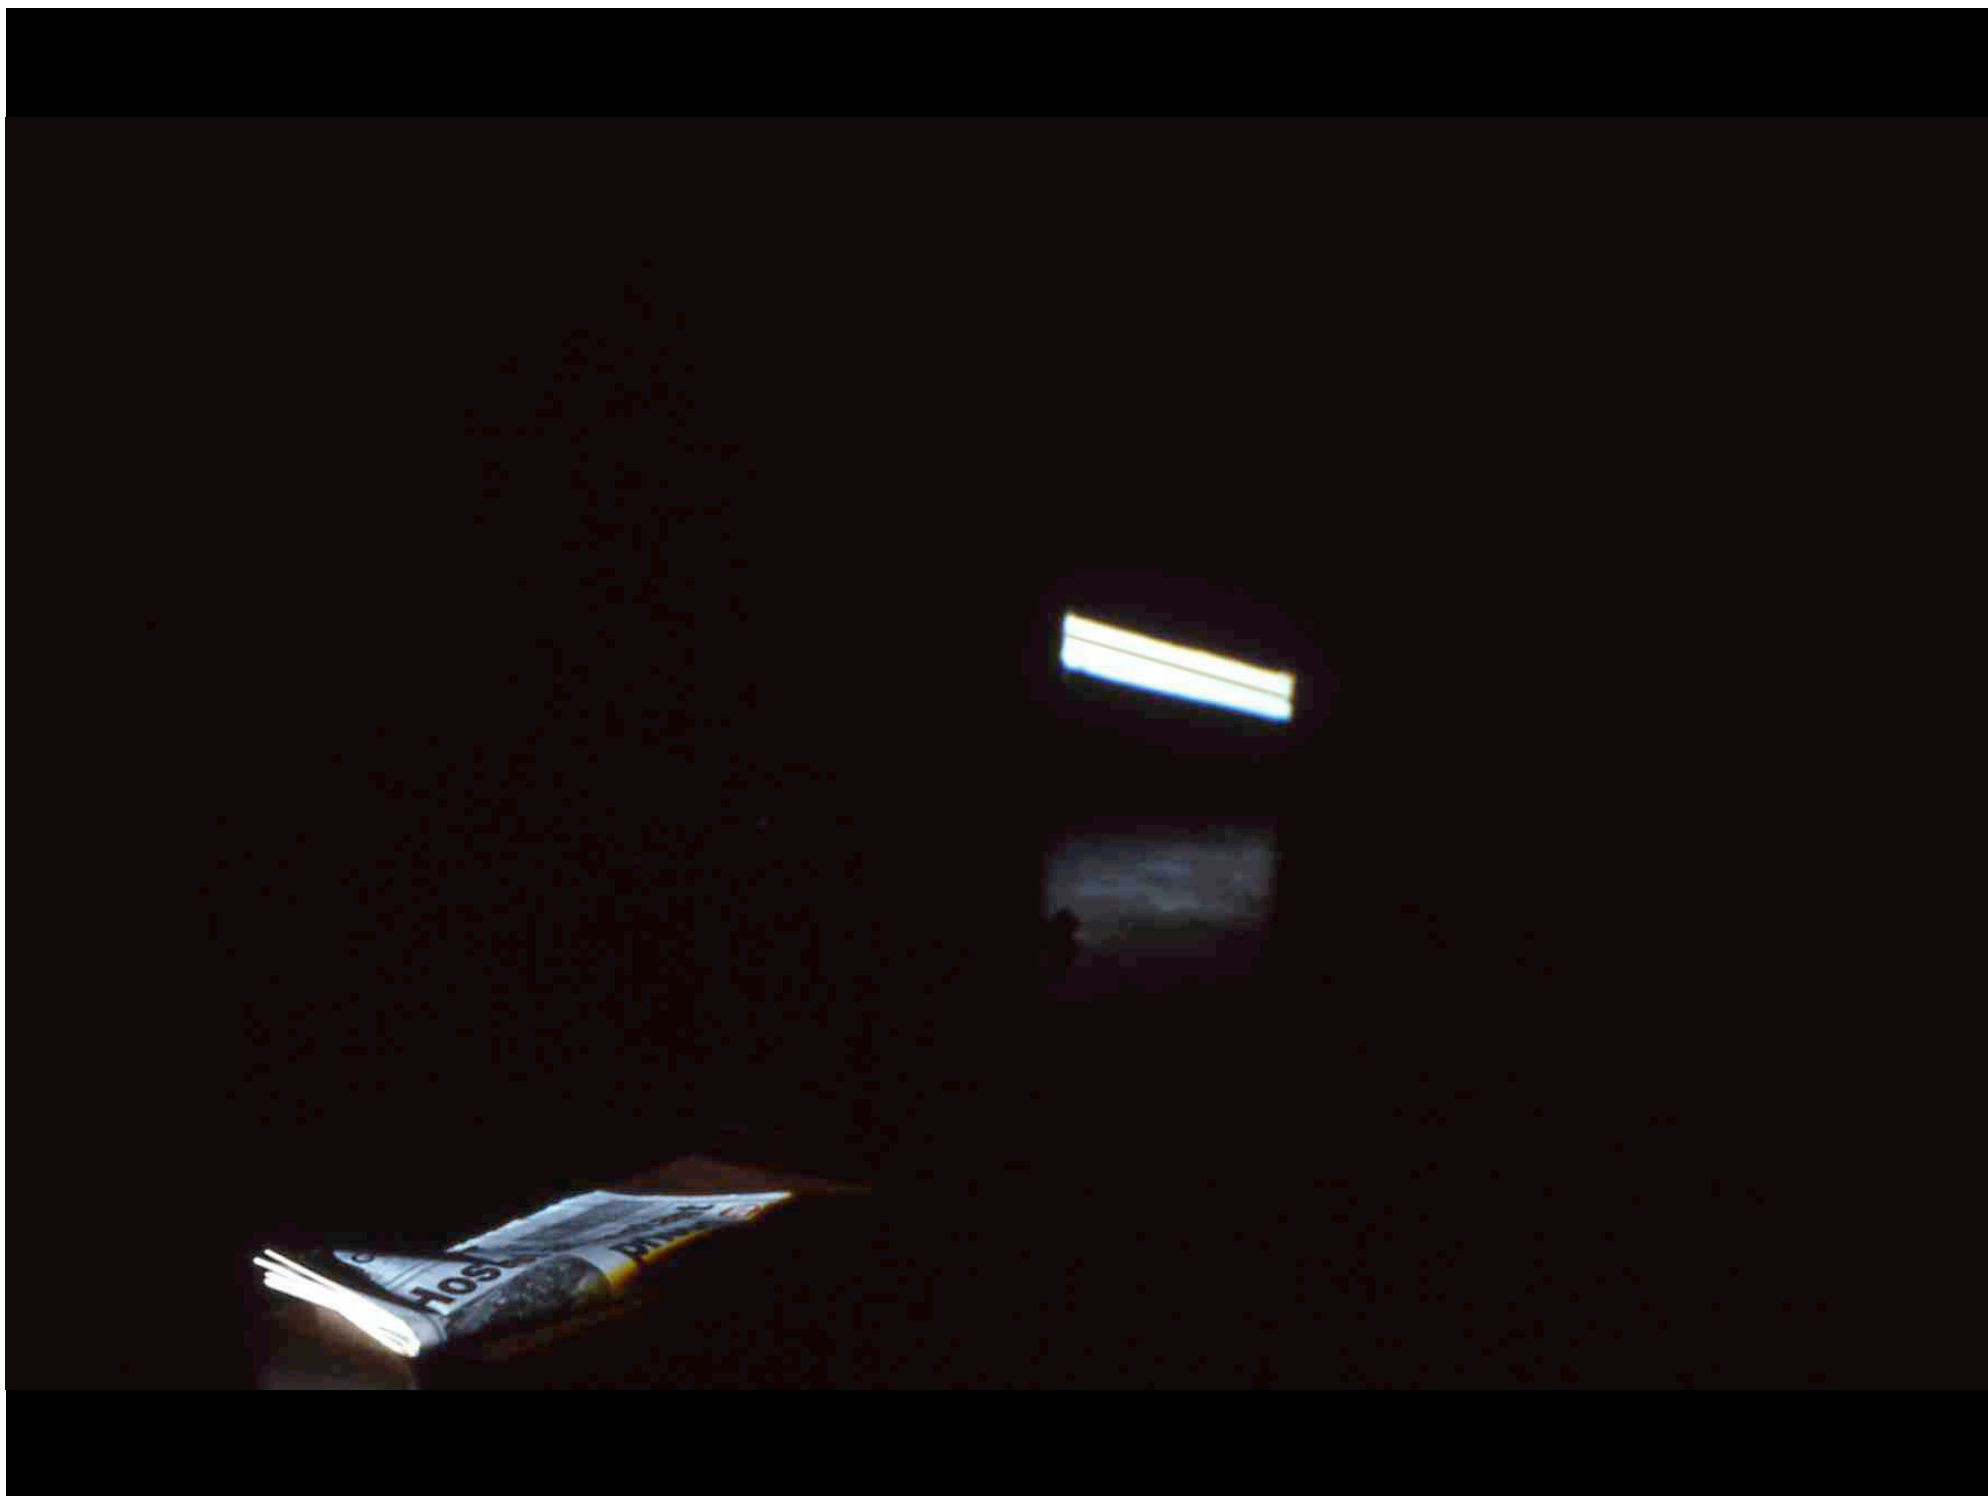

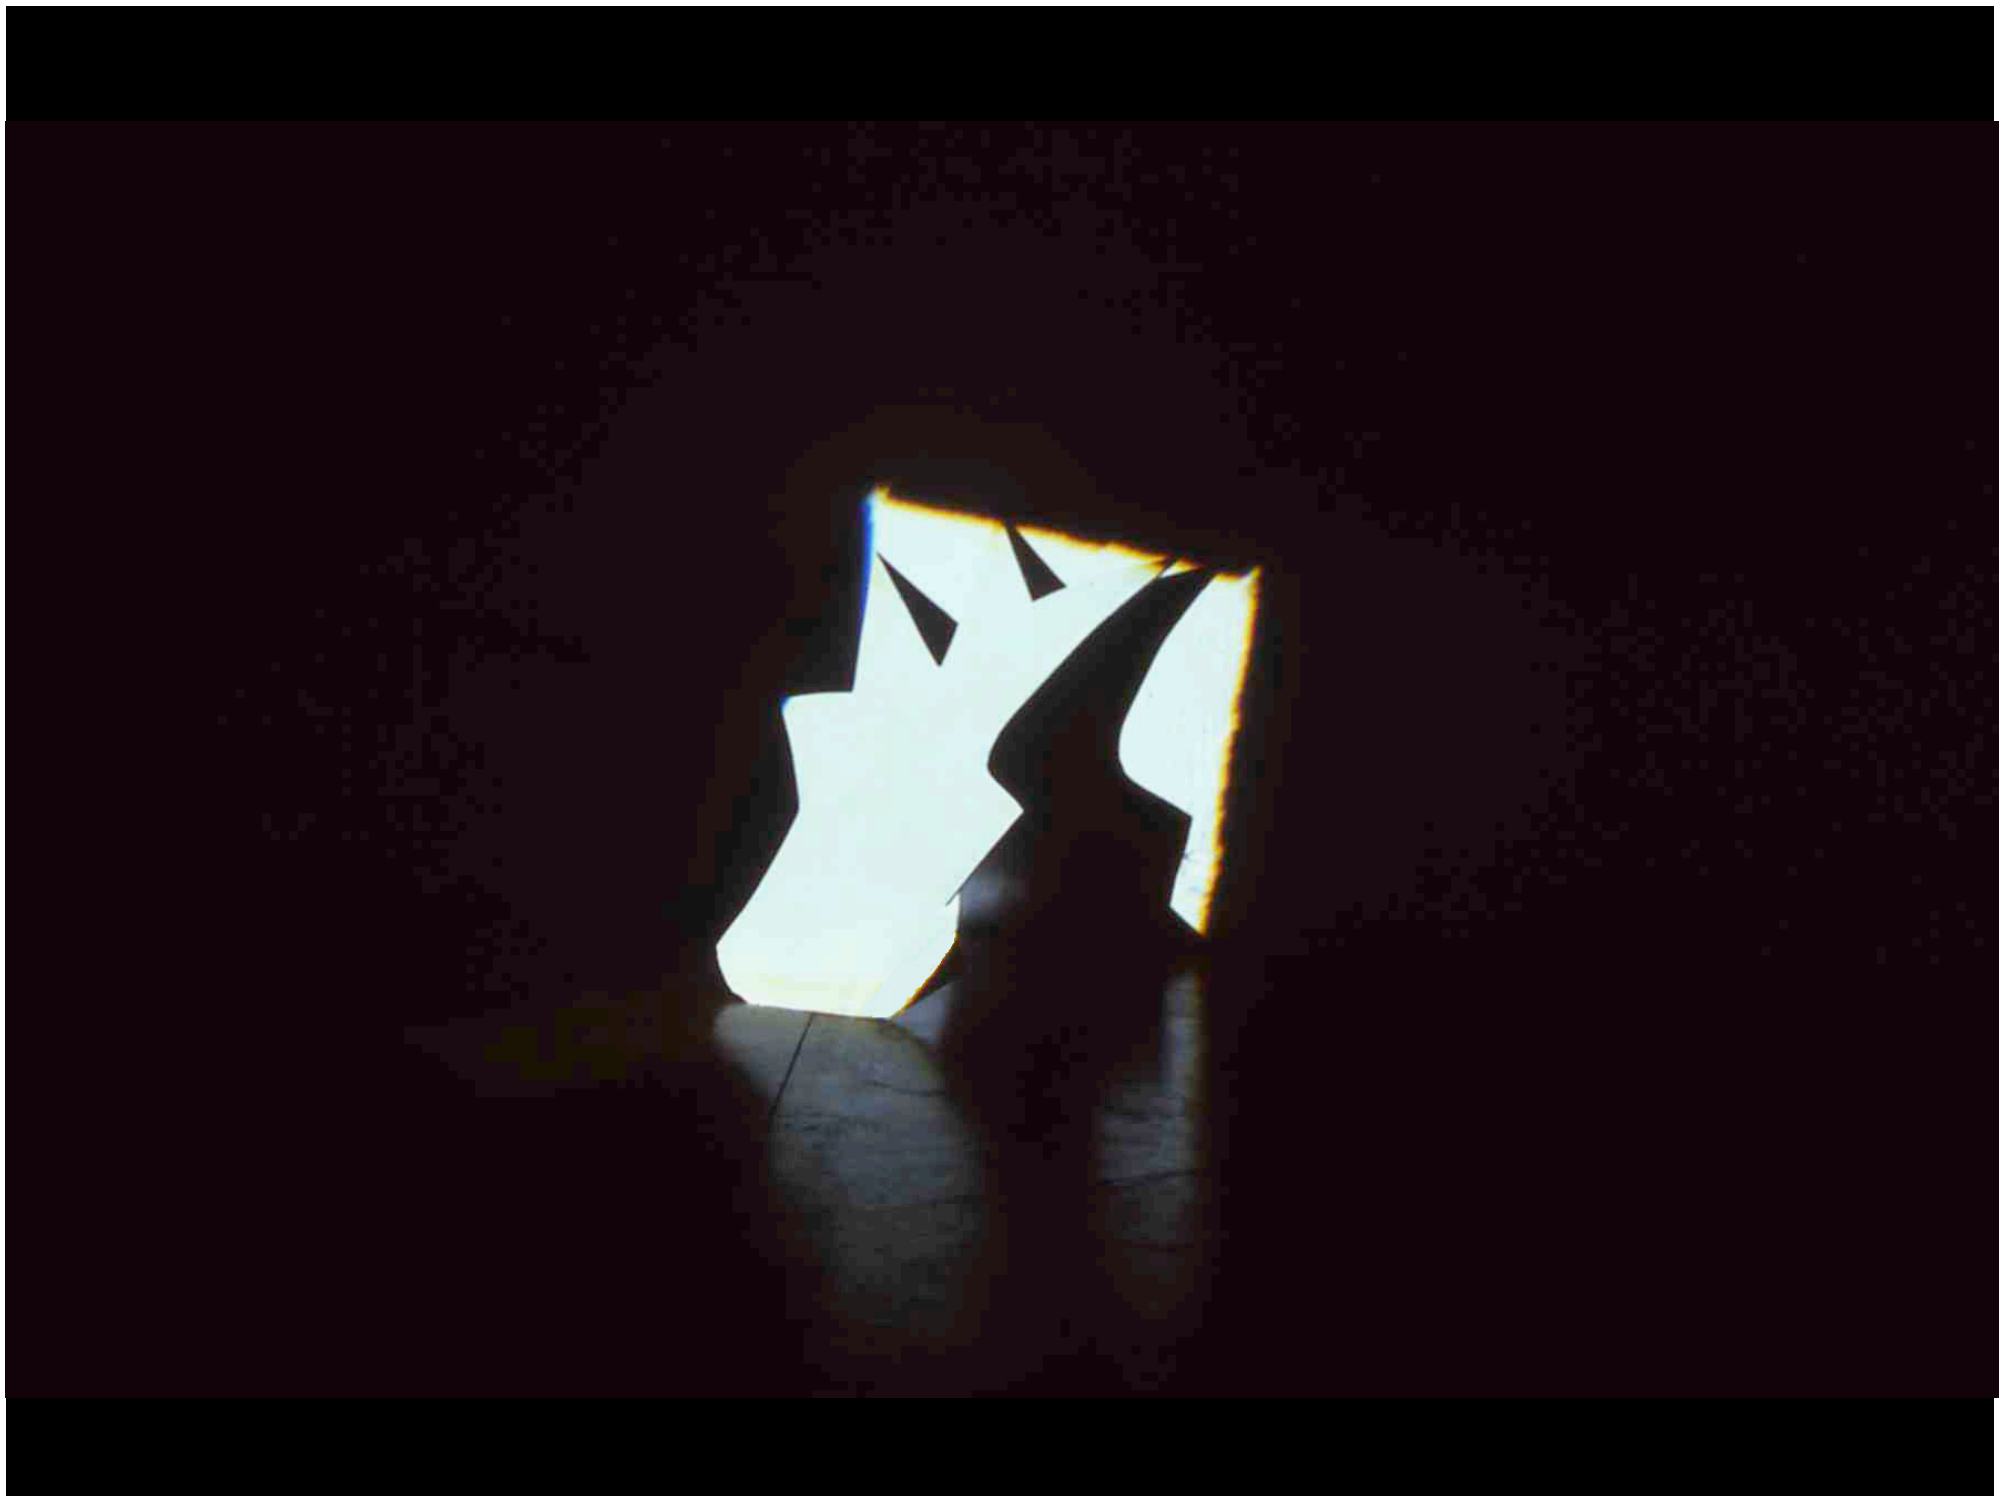

'IMAGE '83' is a first for Australian performing arts. A total of 21 works in Dance, Music, Drama, Performance Art and Mime have won selection from throughout Australia on the basis of their originality, potential and excellence. Works will in no way reflect a given direction or style. Simply, the programme allows each artist complete freedom of expression.

'IMAGE '83' is not "mainstream", "commercial" or "fringe", it is unique. It is designed to reflect immediately the state of Australian performing arts in May 1983 in the sense that no performance is an end in itself, but a significant step in a journey to something new.

'IMAGE '83' consists of 9 performance nights — each a First Night.
